How To Get Your Affiliate Links For Products You Are Approved For Guide

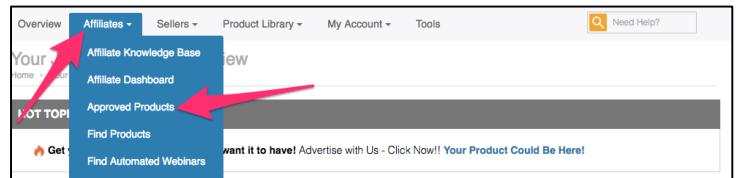

How To Get Your Affiliate Links For Products You Are Approved For

Step 1: Viewing Products You are an Approved Affiliate for

First go to the *Affiliates* tab and click on *Approved Products* in the drop down.

On this page you will see all of the products you have been approved for by Sellers within the JVZoo platform.

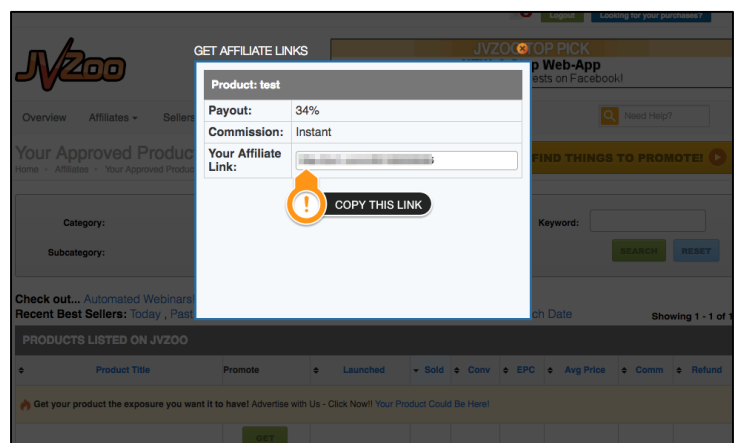

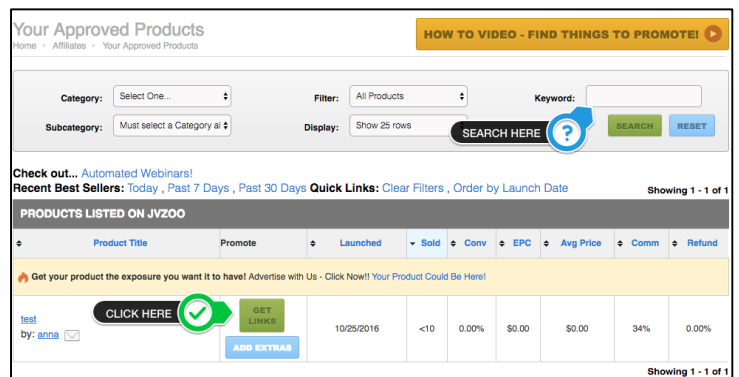

Step 2: Getting the Links

All you need to do is locate the product you need affiliate links for and then click on the green *Get Links* button.

If you cannot locate the product, you can always search for it in the *keyword* field.

Once you click on the *Get Links* button the option to copy your affiliate link will pop up.

****Tip** If the seller has the option for a tier 2 (meaning if someone signs up to be an affiliate for the product you are promoting through your affiliate link you will receive credit) then that will be displayed here.

Step 3: Adding Bonuses

If you want to add a bonus to a promotion, you will want to click on the blue *Add Extras* button and that will direct you to the page where you can set up a bonus.

You will want to name the bonus and also provide a way for people to claim their bonus. You can either do a download URL or upload a file as long as it is under 128MB.

Then click the green *Save Bonus* button and you are ready to go!

The screenshot shows the 'Your Approved Products' dashboard. At the top, there are filters for Category, Subcategory, Filter, Display, and Keyword. Below the filters, there's a table titled 'PRODUCTS LISTED ON JVZOO'. The table has columns for Product Title, Promote, Launched, Sold, Conv, EPC, Avg Price, Comm, and Refund. A row is visible for a product named 'test' by 'anna', with a date of 10/25/2016 and various performance metrics. A green checkmark icon is next to the 'ADD EXTRAS' button for this product.

The screenshot shows the 'Product: test' page. On the left, there's a summary of the product: SALE PRICE: \$1.00, COMMISSION: 34%, and AFFILIATE CONTEST: SEE THE AFFILIATE CONTEST. The main content area shows the vendor 'anna' and a 'Your Status' section. Below that, there are several integration options: GETRESPONSE INTEGRATION, SENDLANE INTEGRATION, AFFILIATE JVZIPN INTEGRATION, and ADD BONUS. The 'ADD BONUS' section has three input fields: Bonus Name, Bonus URL, and Upload Bonus File. Red arrows point to these fields. The 'Upload Bonus File' field has a 'Choose File' button and a note: 'Accepted file types: pdf, zip, rar, gz. Up to 128MB.' A green 'SAVE BONUS' button is at the bottom.
