Setting Up Custom Sales Pages for Affiliates

Setting Up Custom Sales Pages for Affiliates

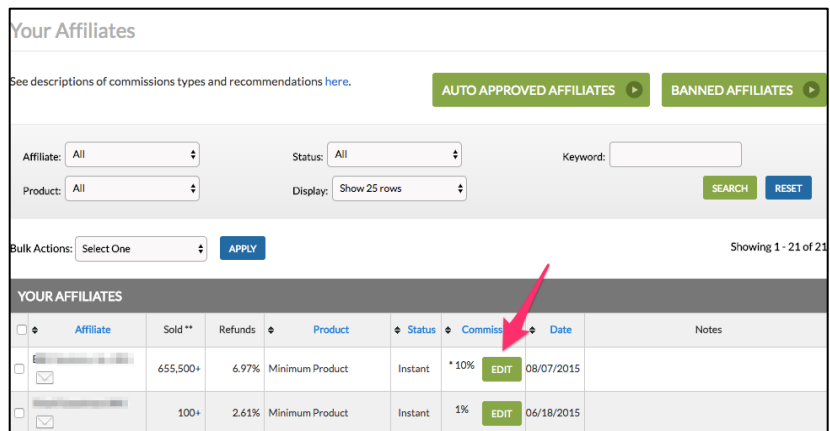

Step 1: Getting Started

First, you will want to go to the *Sellers* tab and then *Affiliate Options* and then click on *Your Affiliates*.

Step 2: Custom Sales Page

On *Your Affiliates* page you will then click on the green *Edit* button next to the affiliate you would like to have a custom sales page.

Then you will want to enter the URL to the Sales Page you would like the affiliate to use and click *Save*.

Their link will automatically redirect to the new sales page.

****Zoo Tip** If you want, you can make all of your affiliates have custom sales pages.
